TO WHOM IT MAY CONCERN

We have known Tony Latessa for about a year now and we have engaged him to find us a suitable business to buy for investment purpose.

Tony worked hard and eventually found us a great business for that purpose, we bought the business. Tony then assisted us in the business development and now the business has grown.

We consider Tony as a confident, loyal and positive person, who is dedicated in the role of a Accredited Business Broker and is extremely competent in what he does. He is easy to contact and can be relied upon. We recommend Tony Latessa to any one and would be pleased to accept any email for further information.

Yours faithfully
