To Whom It May Concern

In Mid /Third quarter of 2010 we had contacted Latessa Business Sales to sell the retail arm of our business. This was the well known gift and home-ware outlet that traded under the name of **Noa Noa Living**.

The principal of the business being Mr Tony Latessa then advertised our business for sale and in late 2009 through his efforts negotiated a sale with an International buyer who intended to expand his trading activities here in Australia. I believe the purchaser looked at various operations from Perth W.A through to Victoria.

The sale and all the issues associated with the transfer of lease was taken care of by Latessa Business Sales.

The efforts by Mr Latessa and his team was greatly appreciated, and as I had worked in Management roles Internationally for many years and having seem many obstacles arise in completing contract of sales, I was impressed with the smooth process & professionalism, hence am more than happy to act as a reference for this Compan.

Yours Faithfully

Francis B Walker
